Website Overview and Scope

Core Pages *(Doesn't have to be organized exactly this way)*

1. Home / About Page
- Overview of AWS Cloud Quest at SMU
- What is Cloud Quest? (brief explanation of the AWS platform -> maybe a link to a tutorial video?)
- What makes this event unique (in-person opening/closing, AWS challenges, prizes, etc.)
- Event date, time, and location clearly listed.
- Registration button?

2. Event Details / Schedule
- Daily schedule or event calendar (Opening Ceremony, Workshops, Career Fair, Closing Ceremony, etc.)
- Speakers and their topics.

3. Speakers Page
- Speaker bios and headshots.
- Company affiliation and talk/workshop titles.

4. Team Page
- Bios and pictures of the SMU planning team (students + faculty/advisors).
- Roles (e.g., Tech, Marketing, etc.).

5. Sponsors Page
- AWS (title sponsor) and any other partners.
- Logos and links.

6. Registration & Login
- Sign-in required before registration (Firebase Auth or similar).
- Once signed in, users can access the registration form.
- Show confirmation once form is submitted (optional: send confirmation email).

Sign In/Registration Page

- Registration button on home page, if they don't have an account/are not logged in, they must do that first before registering
- If they do have an account/are logged in, registration button takes them to registration form

Registration Form Fields

Field	Required
First Name	Required
Last Name	Required
Email	Required
University	Required

Major	Required
Grade / Level	Required
T-Shirt Size	Required
Resume Upload	Optional
Dietary Restrictions	Optional
Age	Required
